PROFESSIONAL SUMMARY

Software and data-focused developer with hands-on experience in Java, machine learning, HTML, CSS, and REST API web application development. Skilled in building end-to-end solutions and interactive dashboards using Flask, Streamlit, Power BI, and Plotly. Quick learner, proactive team player, and hackathon leader focused on delivering practical, high-quality software solutions.

EDUCATION

Sharda University <i>Bachelor of Technology in Computer Science & Engineering (B.Tech CSE)</i>	Aug. 2023 – Present CGPA: 7.7 Greater Noida, India
Narayana School <i>High School / Senior Secondary</i>	2021 – 2023 India

TECHNICAL SKILLS

Programming Languages: C, Java, JavaScript, HTML5, CSS3, SQL
Frameworks & Libraries: React, Node.js, Express.js, Spring Boot, Flask, Streamlit
Databases: MySQL, PostgreSQL, Prisma ORM
Data Structures & Algorithms: Arrays, Strings, Linked Lists, Stacks, Queues
Tools & Platforms: Power BI, Git, GitHub, Vercel, AWS (Learning), MS Office
Soft Skills: Teamwork, Leadership, Problem-Solving, Collaboration, Communication

INTERNSHIP EXPERIENCE

Data Analyst Intern <i>Modulation Digital Pvt. Ltd.</i>	(May 2025 – July 2025) Remote
- Optimized complex SQL queries to extract, transform, and analyze relational data, enhancing report accuracy and query performance. - Performed rigorous data cleaning, pre-processing, and validation to ensure consistency and reliability across multi-source datasets. - Designed interactive Power BI dashboards to visualize key business performance metrics and trends for strategic decision-making.	

PROJECTS

EduConnect LMS / <i>React, Express.js, Prisma, PostgreSQL, Vercel</i> [GitHub]	(2026)
- Developed a scalable full-stack Learning Management System featuring course administration, user authentication, and role authorization. - Utilized Prisma ORM with PostgreSQL database for structured data modeling and deployed backend services optimized for Vercel.	
Invoice Creator / <i>React, Node.js, Express, Tailwind CSS, PDF Generation</i> [GitHub]	(Mar 2026)
- Engineered a web application for generating, customizing, and managing professional invoices with real-time tax calculations. - Implemented client data storage alongside exportable PDF generation for instant client billing and invoice management.	
Page Pulse / <i>React, Node.js, JavaScript, Web Performance Analytics</i> [GitHub]	(May 2026)
- Created a real-time web performance monitoring tool designed to track page speed, core web vitals, and user interaction analytics. - Designed dynamic dashboard visualizations to display load metrics and optimize web application performance insights.	

ACHIEVEMENTS & CERTIFICATIONS

- SIH Hackathon Leader:** Achieved top 50 ranking among 400+ competing teams as Team Leader in University-level Smart India Hackathon.
- Oracle Academy Java Foundations:** Certified in Java Foundations by Oracle Academy (Dec. 2024).
- AWS Cloud Training:** Actively completing AWS Cloud Practitioner certification track.
